NOBODY CAN TELL young Ginny Dillon, 8-year-old daughter of Mr. and Mrs. Gordon Dillon, Trevor, that the dog is going out of style as a family pet. She and sister Kathy, 10, give their registered German Shepherd Rex a hug to prove the dog is still favorite with them. Others have differing opinions.

Dog Vanishing? Not So Say Lovers

"The cat will mew and the dog will have his day," said Shakespeare but many people in the lakes region think the dog has had his day as a family pet. Others disagree.

Looking at dog license registrations in the communities, talking to mail carriers and meter readers, one might think "man's best friend" has been replaced.

BUT VETERINARIANS, pet shop owners and the animal warden say that there are just as many dogs as there used to be, but owners are taking better care of them.

However, it is a fact that in Antioch, Lake Villa and Lindenhurst dog registration permits have gone down in the last few years. Antioch licensed 164 dogs in 1957, only 72 last year and license requests so far this year are moving even slower. In Lake Villa, registrations were down about 60 last year from the year before. Lindenhurst figures took a beating in the dog license fund.

Charles Mapleshorpe, Antioch village employee who is charged with reading water meters notes that "you don't see nearly as many dogs as you used to." Postmen feel the same way.

HOWEVER, NO MATTER how the record looks, dog lovers will get plenty of satisfaction from many other people who vow that the dog is still as popular as ever.

One man who should know, Wilbur Turner, county animal warden who lives in Antioch, says there are not less dogs in the county. He feels there are more and adds that Lake County may be a "dropping off point" for unwanted dogs from Chicago and other populous areas. But he adds that the reason why people may not see as many as they used to is that "people control them more."

THIS VIEW IS backed up by Dr. Richard Ripley, Antioch veterinarian, who notes that people are spending more money on their dogs. They get vaccinations, vitamins, rub-downs and boarding is a very big item at small animal clinics.

The stature of the dog is increasing in the family, Dr. Ripley says, and probably is being forced on the owners. "Since the state adopted the mandatory rabies law, people are watching their dogs more closely." People don't let them run loose any more and the county animal warden is cutting down on the number of strays by his constant job of picking them up, the veterinarian says.

USE OF SPECIALIZED dog foods is going up greatly, says Neil Reidel, Lake Villa village clerk and feed

Set Card Party for Grass Lake PTA

The Grass Lake PTA will hold a Card Party on Friday, May 22 at 8 p.m. in the Grass Lake School. Everyone is welcome, tickets will be sold at the door. Prizes will be awarded.

HS Bond Issue Canvass Shows Bad Vote Markers

Total vote in the election which defeated the call for a new \$1,785,000 bond issue for a new high school for the Antioch district was 2,051, the school board official canvass revealed.

There were 894 yes votes, 1042 no, and 25 were spoiled ballots. The proposition was defeated in the big Antioch precinct where 1,344 votes were cast. Antioch Township voted 8-5 against the issue.

THE OFFICIAL canvass revealed that some persons do not know how to mark a ballot, apparently not by reading the instructions. The law states that only certain markings can be valid and the school board agreed that it would be good election procedure for all elections, school and political, to make attempts to instruct the voter on how to properly mark ballots.

In this election, the number of spoiled ballots did not make a difference but in other balloting it might, the board noted.

After the official canvass, the board went into a closed-door session to discuss the referendum and future plans. A reporter was asked to leave, but Robert Denman, board president, noted that the board could take no official action in the session.

Senior Resident, Nellie Morley, Dies Saturday

Mrs. Nellie I. Morley, 85, well-known Antioch resident, died Saturday morning, May 16, at the home of her daughter, Phyllis McMillen, 581 Parkway, after a lingering illness.

She was born July 18, 1873, in Antioch Township, the daughter of James D. and Mathilde Tallman Soule, who came to the Antioch area in the 1850's. The family moved to Bloomer, Wis., in 1874, where they lived until her marriage to John J. Morley on Nov. 11, 1895. The Morley family were also residents of the Antioch area previous to the time of the Civil War, and after their marriage, the newly married couple and her parents returned to make their home in Antioch.

The Morley residence for over 30 years was on the northwest corner of Lake and Main Streets. They then built a home at 1006 S. Main, where Mrs. Morley lived for several years after the death of Mr. Morley in 1940. She has made her home with her daughter for the past 17 years. She was a member of St. Ignatius Episcopal Church.

Mrs. Morley is survived by her three sons, John J. Morley, Jr., of Carpenteria, Calif., and William L. and Robert K. Morley of TuJunga, Calif.; her daughter, Mrs. James McMillen, Antioch; a sister, Mrs. Mildred A. Wood of Lancaster, Calif.; nine grandchildren and 11 great grandchildren. Services were held Tuesday at the Strang Funeral Home in Antioch, with the Rev. Edmond Hood of St. Ignatius Episcopal Church officiating. Burial was in Hillside Cemetery.

No Paper Pick-up Set for May 30

There will be no paper drive conducted by Boy Scout troop 92 on May 30 announced Scoutmaster Jim Horton.

The drive will be postponed to June 6 when trucks will pick up bundled paper from curbs in Antioch. Persons living out of town can call 641-J or 856-M for paper pickup on that date, Horton says.

Regal Workers Vote Friday On Labor Union Question

Spirited campaigning by the union and the company has marked the approaching vote of Regal China Co. workers on whether to accept or reject the International Chemical Workers Union. The employees will vote Friday from 3 to 6:30 p.m.

Employees have been bombarded for about three months with campaign literature from the union and plant meetings held by the company. Interest in the election is said to be at a fever-pitch at the Regal China Co. plant.

THE ELECTION will be conducted by Norbert C. Rayford, of the Chicago office of the National Labor Relations Board. It will be an entirely secret election with a single ballot box and counting of the votes in the presence of union and company officials, Rayford told The Antioch News this week.

In order to win, the union must gain at least 51 percent of the votes. A tie vote goes in favor of the com-

pany. Employees will vote "yes" or "no" in acceptance of the union as their bargaining agent with the company. There are approximately 160 employees eligible to vote in the election.

LEADING THE UNION organizing efforts has been T. H. (Red) Cheney of Zion who is an organization expert with the Chemical Workers Union. He also has conducted some employee meetings.

If it is accepted by employees, the union hopes to get more pay, better working conditions and other benefits in immediate bargaining with the company, Cheney has told the workers.

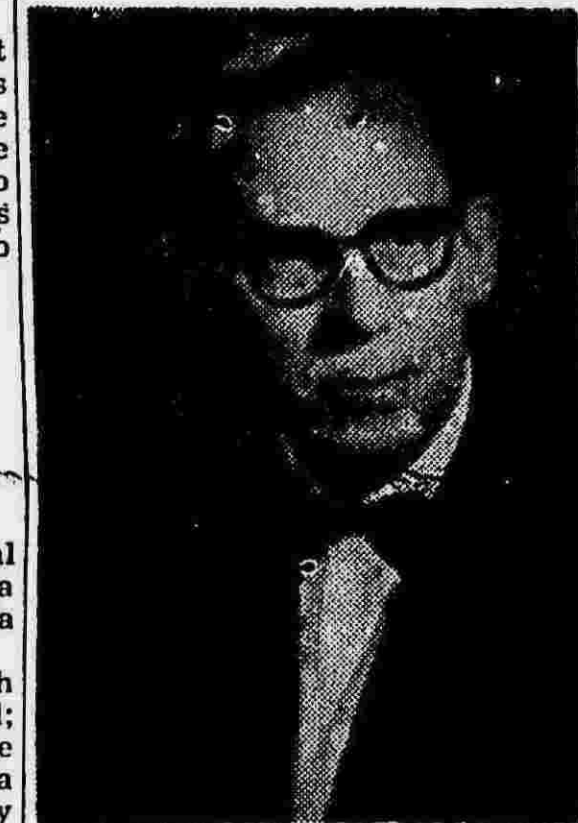

If the union wins the election, that does not necessarily mean that all employees will have to join the local, Rayford noted. It will depend upon what type of agreement is reached between the company and the union, and upon the certification of the union. There may be

either an open shop or a union shop arrangement set up, Rayford said.

ABOUT HALF OF the current production employees of the company came here from the south and originally many had meager education. However, observers have noted that the educational attainments of this group of workers has been changing upwards recently.

The company which manufactures lamps and other novelty china items, has been opposed to union representation for its employees. It has claimed that foreign importations of similar manufacturers has hurt business seriously and union gains at the plant could place the company in competitive difficulties.

Several bonuses and pay raises have been instituted in recent months. The union has claimed these would not have come about if the union had not attempted to organize.

Dr. Lowell B. Fisher

Pick Speaker For 44th ATHS Graduation

Dr. Lowell B. Fisher will present the Commencement address at the 44th graduation exercises of the Antioch Township High School Friday, May 29, in the boys' gymnasium at 8 p.m.

The title of Dr. Fisher's talk will be "Perspective."

DR. FISHER presently is serving as state chairman of the North Central Assoc. of Colleges and Secondary Schools, University of Illinois. He was President of the North Central Assoc. in 1957-58.

He has served as a member of the Urbana Board of Education, Urbana, Ill., since 1951 and is presently serving as president of the Urbana Association of Commerce. He holds degrees from Western Illinois University, Columbia University and the University of Illinois.

DEAR READER News Editorials

Who Knows What Law-Makers Think of Gov't Spending?

It is absolutely impossible to understand the minds of most members of our law making bodies on the problem of inflation, high taxes and government spending. How many letters must be written, how much smoke must be raised from the distant citizenry for every law-maker to realize that the public thinks very seriously about these matters?

A current dispute in the Senate centers around the question of whether \$150,000 should be spent for luxurious new carpeting for the already costly new Senate office building. The expensive rug for the 207 offices, is needed, it is said, because it is now found that the expensive tile floors are too "slippery."

Purchase of the carpet does not end the silly proposal. If the rug is installed, an estimated \$500,000 will have to be spent to trim about 1 1/2 inches from the bottom of all the doors in the building.

To date, only two men, Douglas of Illinois and Proxmire of Wisconsin, have raised enough of a protest to be heard in the press reports reaching these hinterlands. A tribute is in store for these two pioneers in the field of government spending.

However the basic problem here is not the paltry few dollars wasted on this project, but the inability of the legislators to comprehend that the people, the masses—the voters, if we have to be so crude as to remind them—have had enough foolishness with their taxes. All senseless spending has got to stop and we must make another seemingly hollow plea to cut back on spending.

We can only urge the voters who really want this costly method of governing to stop, to write again and again to their legislators both state and national. Perhaps, just before we go broke, they will understand how we feel.

Class Motto, Thoughts for Us All

"Forward ever, backward never."

This is a motto—youthful, spirited, aggressive, dynamic—filled with ambition and filled with life. It has a purpose far greater than the purpose many of us hold true because it reaches far beyond the almighty "buck."

This motto recognizes many errors of the existing world. All is not so good evidently because there is still room for progress—forward movement. It would seem that this vibrant, impatient motto recognizes it is possible to go backward—to decay, in a sense, to rot. This is evidenced by the Berlin crisis, by strikes and management-unconcern for the individual, by suicides and divorces.

But unfortunately this motto of the graduating class of Wilmet High School will, no doubt, fall on "experienced" ears—in many cases deaf ears except to the sound of the cash register. The hundreds of thousands of "experienced" ears wait for the time to perhaps express their own ego in this little phrase, "You have not yet met with the cruel world. What you really need, boy, is experience." Some people might interpret this as: "I want to recreate you in my image, son. Do as I've done and you will succeed. See!"

And so it is that young ideas, young thoughts, young desires are often squelched shortly after their inception by those who "know," by the "experienced," by those who are perhaps living in fear of change itself because of its innate newness alone.

But what of spirit? of desire? of determination? Do we show it as many young people do? Could we work together in a group and agree on a slogan—"Forward ever, backward never?"

And what of understanding? Could our understanding possibly be misunderstanding? Do we, for instance, understand this youthful inquisitiveness? impatience? yearning? Do we understand what some people would term theory? Or is it more true that we tend to disregard theory because it only expresses the thoughts of men, because it probes beyond reality as we know it?

Perhaps it would be worthwhile for each of us to pay very close attention to each speaker at commencement this year. Perhaps we too could learn something new. Perhaps we could become stimulated by this group motto: "Forward ever, backward never."

Believe it or not; these young people are not being funny. This is a serious and demanding thought.

Sometimes the only way to get a word in edgewise is to make it sharp.

HERE'S WHY

If you earned \$5,000 a year in 1939, and have a wife and two children, you have to earn \$12,113 today to break even in terms of purchasing power, according to a recent survey. Putting it another way, the same man who earns \$7,035 a year today can purchase only as much as his counterpart earning \$3,000 a year in 1939.

The "why" of this is found in two forces. One is taxes. The other is inflation. The first takes away more and more of your dollars—and the second cheapens them.

A man who has committed a mistake and doesn't correct it is committing another mistake.

GOOD POLICY

When a bill becomes past due, most business concerns in America write a courteous letter requesting payment if possible, but not so in India.

The Law Society's Gazette of London quotes the following letter written by a lawyer in India for a client to someone who owed some money: "Dear Sir, Unless you pay the rupees that you owe within seven days, we shall take such steps as will cause you to have the utmost damned astonishment."

Plan May 30 Services at Cemetery

By Mrs. Frank Edwards
Millburn Correspondent

Memorial Day services will be held on Memorial Day, Saturday, May 30, at Millburn Cemetery at 2 p.m. In case of rain services will be held in Millburn Church. Mr. and Mrs. William Paulsen are in charge of the services.

Confirmation services at Millburn Congregational Church Sunday, May 24, at 10 a.m. for the class of 1959. There are nineteen members in the class.

The Devotional Study Group met Thursday morning at the home of Mrs. Lyman Thain. The next meeting will be Thursday, May 28, at the home of Mrs. Sam Hernquist at 9 a.m.

Mrs. Addie Lucas returned to her home on Monday after spending three weeks at the Charles Lucas home.

Jo Ellen Engh of Wadsworth spent the week-end with her grandmother, Mrs. Harley Clark.

The sixth meeting of the Millburn Maidens 4-H Club was held Monday evening, May 11, at the Millburn Church. A demonstration on "How to Make Brownies" was given by Virginia White, and a demonstration on "How to Make Chocolate Syrup" by Jane Bonner. They practiced for "Share The Fun Festival" to be held on June 29, 1959 at Warren High School.

Jean Snowberry of Tomah, Wisconsin and Mrs. Kortbine and daughter Carol also of Tomah, Wisconsin were callers at the Garrett Trout home Sunday afternoon.

Mrs. Florence Welch of Gurnee was a caller at the home of Mrs. Charles Lucas Monday afternoon.

Mr. and Mrs. Walter Fontaine and son Danny of Gurnee were callers at the home of Mrs. Harley Clark Sunday afternoon.

The lower grades of Millburn School and several of the mothers accompanied them to the Hawthorn Melody Farm Monday.

Mr. and Mrs. William Powell of Waukegan called at the Herbert Graham home Sunday afternoon.

Mr. and Mrs. Charles Lucas attended the Homecoming for Mr. and Mrs. Ted Bettern and family of Newfoundland at the home of Mr. and Mrs. Lester Lucas of Waukegan Saturday evening.

Mr. and Mrs. Inghram Herron and daughter Bonnie of Palatine, Ill. spent Sunday at the home of Mr. and Mrs. Garrett Trout.

Mr. and Mrs. Herbert Prange and daughter Sharon spent a few days at Neilsville and Granton, Wisconsin and also called on Mr. Prange's sister and family, Mr. and Mrs. Alfred Hackbarth, at Wanton, Wisconsin.

German Drink, Smoke Bill Hits 3 Billions

COLOGNE, Germany — Germans are spending more than twice as much on drink and tobacco than they are on education and entertainment. The German medical association reports 3 billion dollars was spent for drink and tobacco in 1956. Only 1 1/4 billion dollars went for education and entertainment.

3 Regal Workers Object to Statements, 'Troublemakers'

Last week you printed an article that I feel is incorrect and improperly reflects on the intelligence of a lot of good citizens in the Antioch area who work at Regal China. I come from the south and I am very proud of it. I know I also speak for all Regal China employees from the south.

She signed a disgraceful letter in your last issue which says that the south are poorly educated. Speaks bad for every Regal worker from the South.

The observer whom you do not name and whom you quote in your news article could only make such statements to start trouble at our plant. The truth is that the Regal China employees from the south do

not want anyone to interfere with us. We are making a good living at Regal China and we do not want any troublemakers who do not work here or by the union. All the union is doing is trying to do is start the Civil War all over again and we from the south do not like it a bit.

We are capable of handling our own problems when we have them. We do not need the help of outsiders who have come to Antioch and want to get in at Regal China only because they want our money. We will not be suckers and we are wise to their games. We from the south who work at Regal will vote "No" tomorrow.

Asks Regal China Workers: Weigh Union Benefits

On Friday, May 22, 1959, the employees of the Regal China Company go to the polls to determine whether or not to have a union represent them as a collective bargaining agent. This is a democratic process.

However, I would like to point out a few things as food for thought before these employees surrender their rights as individuals.

1. Have they weighed their present benefits against what the union has PROMISED? There is no guaranty they will get them.
2. Do the employees realize that once they vote for a union that, as individuals, they lose their identity as persons?
3. Are the employees being fair to the company which has put up the capital to make their jobs possible?
4. Are any gains the union may make going to reduce the company's sale because of increased labor costs, lower productivity, etc.?
5. Do the employees realize that many of the benefits and privileges (Christmas party—bonuses—special hours) now enjoyed by them could be withdrawn as the company sees fit?

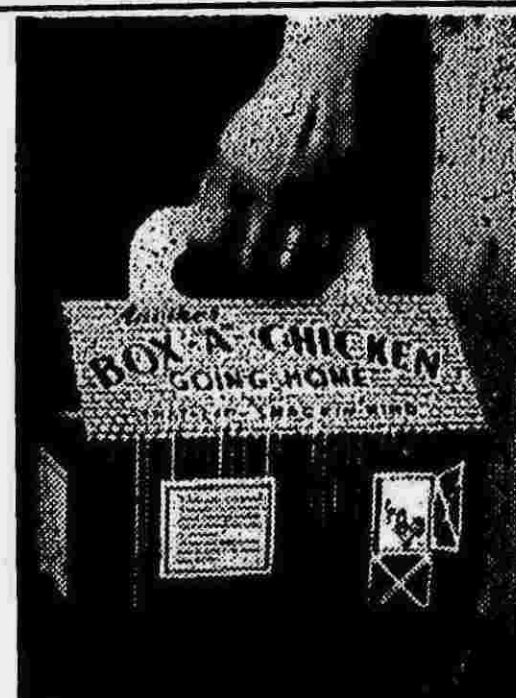

Think these things over and reflect what unions have done toward wrecking our national economy and if you do, you will vote "no" on the ballot.

Antioch a No-Hit Victim But Wiegel Stars on Hill

Sequoia baseballers took it on the chin in a humiliating 4-0 defeat by Grayslake in the finals of the district tournament last week, then roared back to beat Wauconda in a superb 6-3 game.

The loss to the Rams does not count in league play but the win does.

IN BOTH GAMES, lefty Don Wiegel, the workhorse of the thin pitching staff worked well. He allowed only five hits in the loss and only six in the win.

Hurling the tournament game for Grayslake was Tom Farm, whose good fast ball kept Antioch bats silent. He struck out six and walked only two while Wiegel was striking out one and passing two.

The closest thing Antioch got which looked like a hit was in the fifth inning when, with runners on first and second and one out, Jerry Dahlman got a forced out at second base on the play to cancel out the blast. Gudgeon bunted well later in the game but was thrown out at first.

GOOD INFIELD play by both teams sparked the game but outfielders were troubled by a stiff breeze.

The Wauconda win was centered on timely hitting and a season's high of three double plays by Antioch.

Wiegel picked up his third win

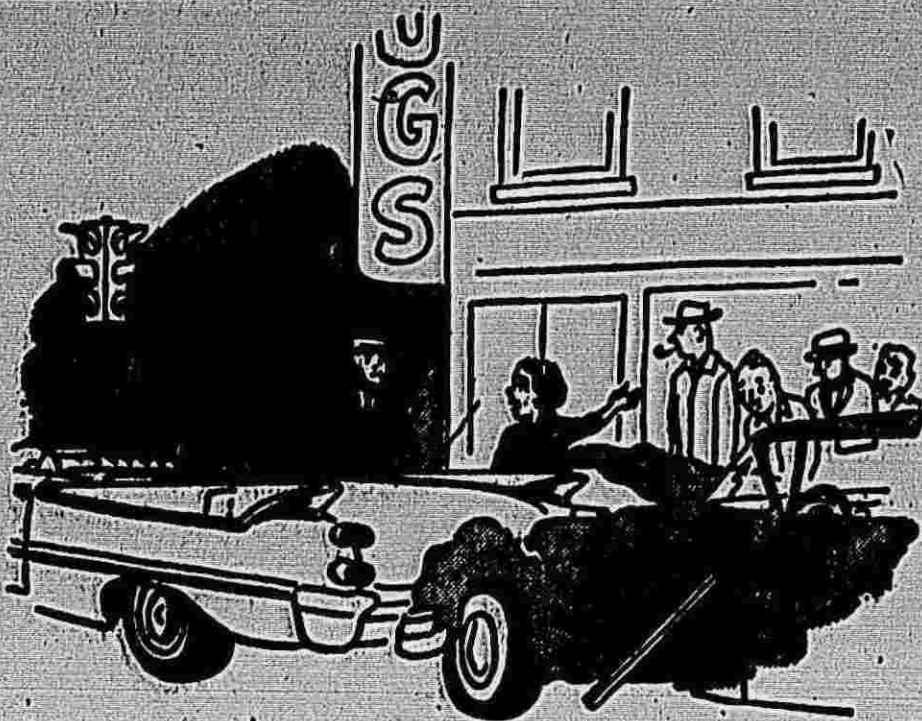

of the campaign in holding the Bulldogs to six bingles. It was his third game of the week and he threw for 16 innings by game's end.

A home run by Chip Eberman in the Antioch seventh was the only extra base blow of the game and the first four-base blow by Antioch in some time.

NI Gas Grows, New District For This Area

Continuing growth of Northern Illinois Gas Co. in this area has caused the company to create a new position of district superintendent for this area. Named to the office is J. W. Craig, Crystal Lake.

His new district comprises the Antioch-Lake Villa area in Lake County west to Crystal Lake.

AT THE SAME time, C. F. Jones, NI-Gas Co. district manager, announced that C. T. Healy would succeed Craig as local area commercial manager. Jones, who has supervised gas operations in this area, will devote full time to administrative affairs and be in charge of both districts.

Dinner to Honor Walter Winn, Richmond, PMA

Walter E. Winn, Richmond, who retired this year as president of Pure Milk Assoc., will be honored at a testimonial dinner Saturday evening, June 6, by PMA District 6, his home district.

Winn has been a member of Pure Milk Assoc. since its beginning in 1926; director of District 6 since 1935; treasurer from 1942 to 1951, and president from 1951 until his retirement from that office.

THE DINNER honoring the nationally prominent dairy leader and his wife will be held at 8 p.m. in the McHenry American Legion Hall, Committee Chairman Chuck Weingart, McHenry, reported.

Tickets are available from local officers of PMA District 6.

Lloyd Burlingham, veteran farm radio commentator and fellow McHenry county resident and friend of the Winns will be Master of Ceremonies.

MR. AND MRS. WINN live on and operate a dairy farm which they purchased in 1916. This is adjacent to the farm where Winn was born, so his entire life has been spent on a dairy farm near Richmond in McHenry County, except for six years spent in teaching.

He now is serving his 6th year as vice-president of the National Milk Producers Federation, and is a member of the NMFP executive committee. He was vice-president of the National Dairy Council three years (1954-56) and now is serving on the executive committee of the National Dairy Council.

GRAD GIFT: Buy him a Croton 17-Jewel waterproof for only \$17.95. A watch is something he will look at every day of the year.

CHALLENGE!

Can we meet the new competition?

"In the forty years that have elapsed since its Revolution, Russia has devoted a far larger portion of its gross national product to education than have we. As a result of this intense commitment to education on the part of the Soviets, we as a nation are presented for the first time with a challenge to our leadership in all of the values that we cherish.

"If we rightly interpret the significance of this event, our first reaction of dismay and consternation will herald a rededication of ourselves to the best that we have learned from our first century of educational effort. We have a longer and a stronger tradition, greater resources in depth and diversity, a freedom of enterprise, and a talent for innovation which can all combine to more than redress the present balance and carry us to new heights of educational accomplishment if we display the requisite wisdom and determination."

GAYLORD P. HARNWELL
President, University of Pennsylvania

WE CAN AND MUST MATCH THEIR ZEAL—because our strength as a nation will depend on how we treasure and build our educational assets. Yet the hard facts are these:

1. Low salaries are not only driving gifted college teachers into other fields but are steadily reducing the number of qualified people who choose college teaching as a career.

2. Many college classrooms are already overcrowded yet in less than ten years entrance applications will double in number.

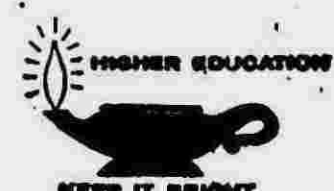

You can help in this crisis, one of the gravest in our history. Support the college or university of your choice—now!

Invite Guests To Garden Meet

The regular monthly meeting of the Antioch Garden Club will be held on Monday, May 25, at 1 p. m. at the home of Mrs. Clarence Spiering on Rte. 45, south of Rte. 173. Mrs. E. J. Dompke will be the co-hostess.

Mrs. John Lessing of Villa Park, a well known lecturer and National Flower Show judge will show colored slides and discuss "Continuous Color in the Garden."

Because of the nature of this program this meeting has been designated as guest day, and every member is invited to bring a guest.

Everyone interested in flowers and flower arrangement enjoyed a program Tuesday afternoon, May 19, in Wesley Hall. The Antioch Garden Club presented Mrs. I. L. Burger, a well known flower arranger, who demonstrated the use of tulips, lilacs and other spring flowers in making exotic floral creations. Everyone was intrigued by her skill and artistic ability, and delighted with the arrangements which developed as Mrs. Burger worked before the audience.

The guests ate a dessert luncheon before the program.

Channel Lake PTA To Hear School Preparation Talks

Mrs. Alfreda Schueler of Lake Villa will be the main speaker of the evening when the Channel Lake PTA holds its final meeting of the year on Monday, May 25, at the school.

Her topic will be "Is Your Child Prepared for First Grade?"

Mrs. Schueler teaches kindergarten in the Lake Villa Elementary School. Her talk will be of particular interest to parents of children who will enter first grade in the fall.

Frank Denison, vocational guidance counselor at the Antioch High School also will highlight the program with information of interest to parents of children who will be entering high school in September.

Election of officers will be held prior to the featured program.

RODELIOUS OBSERVE 42nd ANNIVERSARY

Mr. and Mrs. George Rodelius of Shady Nook Subdivision celebrated their 42nd wedding anniversary recently. Congratulating them were Mr. and Mrs. Harry Wilson, Mr. and Mrs. Frank Girtler, Mr. and Mrs. John Lehner, Mr. and Mrs. Henry Mau and Mr. and Mrs. Peter Zalatoris, all neighbors.

Friends, Relatives Fete Setcoff's On 40th Wedding Anniversary

Hosts of friends, neighbors, and relatives came to pay their tribute to Mr. and Mrs. John Setcoff of Rt. 1, Antioch, on Mother's Day in honor of their 40th anniversary.

The occasion was a triple event for the couple for as well as being the anniversary date for them, and Mother's Day for Mrs. Setcoff, it was the birthday of Mr. Setcoff.

MORE THAN 21 persons came to the open house with gifts and flowers for the couple. The Setcoffs honored the occasion for themselves with a new car.

Attending were Mr. and Mrs. Elmer Payne and daughters and son, Dennis, of Cudahy, Wis.; Mr. and Mrs. Donald York and daughters,

ATTEND GRANDDAUGHTERS BIRTHDAY

Mr. and Mrs. Peter Zalatoris, Shady Nook Subdivision, attended their granddaughter Suzanna Cermak's 11th birthday recently.

A simple hog ear-notching plan for gilt selection and culling, says the February Successful Farming magazine, is to put one notch in the left ears of all the gilts in the biggest, best litters at birth. If they're still doing well at weaning time, put one notch in the right ear. When you pick out your gilts to keep for breeding, pick only ones with two notches that are still doing well.

To correctly align farm machinery four basic steps should be taken, says the February Successful Farming magazine. Replace obviously damaged or worn parts, align key parts with a level surface and with the direction of travel, align secondary parts with respect to the key parts, and make special adjustments such as rates of flow and timing.

Clean an automatic coffee maker with a tablespoon of soda added to water. Let it perk as if making coffee. It shines the interior and improves the flavor, according to the February issue of Successful Farming magazine.

Three out of every four American homes have electric toasters, more than 90% have electric irons, 80% have vacuum cleaners, 80% electric washers.

Visitor, 56, Dies Here On Weekend

A weekend visitor to the area died of a heart attack Sunday while visiting at Little Silver Lake east of Antioch.

The Antioch Rescue Squad answered a call early Sunday morning to go to the lake where John Michael Gabala, 56, was unconscious. It was found that he had died of a heart attack and his body was removed to Chicago.

Gabala, of 4505 So. Sacramento Ave., was born March 2, 1903 in Chicago and at the time of his death worked as a stock clerk at Spiegel's. He never married.

He was visiting here with a niece and nephew, Stanley and Evelyn Wonsowicz.

Brownie Troop 33 Cooks for Moms

Under the direction of Mrs. Russell Halvorsen, leader, the Brownies of Troop 33, Grass Lake, recently had a cook-out for their mothers as a treat for Mother's Day.

The girls did the cooking and the mothers were served hamburgers, potato chips, punch, and all the trimmings.

Afterwards games were played. Assisting with the conducting of the party were Mrs. Marie Nemec, and Pat Jesse, senior scout.

Many People, Complaints at FL Hills Meet

The room was full and the air was thick with complaints but most folks went away happy from the Fox Lake Hills Property Owners' Assn. meeting Monday night.

Several residents came to complain of services they were getting, and some they weren't, but according to Mrs. Julia Chonis, secretary of the association, most were happy with the explanation of the job of the organization.

THE ASSOCIATION has many limitations, residents were told, but it can be very helpful to individual problems if formal complaints are submitted, it was explained.

In other business, Edward Zawistowski, chairman of the building and roads, told the residents of a meeting he had with Fred Popp, township road supervisor who noted that many subdivision roads are not up to county specifications. Some culverts must be reset to eliminate pockets of surface waters, he said.

IT WAS ALSO reported that John Morris of the county health department toured the area after last week's rain and pointed out trouble spots. Contractors will be contacted and a meeting will be arranged with the health department to work out correction of deficiencies, Zawistowski said.

Morris will cooperate with property owners in making correction but he needs help in getting proper information, Zawistowski added.

HAROLD RILEY, chairman of the parks and beaches, asked for volunteers on Saturday and Sunday for a repainting program of the Community Beach House. Riley has the paint and equipment and needs only additional manpower.

The rummage sale held by the Women's Auxiliary was a financial success, Mrs. Virginia Conrad, president, reported. She gave a special thanks to Mr. and Mrs. Rose of Fox Lake for donating the use of the old post office building for the sale.

Mrs. Grace Weathers, new auxiliary president, has named the chairmen of two committees. They are Mrs. Teddy Randazzo, ways and means; and Mrs. Marilyn Kolan, beaches and parks.

Promotion for Grass Lake Boy

Harry Nelson, son of Mrs. Torberg Nelson of Indian Point was recently promoted to Private First class at the Marmon Military Academy, Aurora, Ill. He was one of 30 freshmen to have this honor bestowed on him by the school's headmaster. He was also elected treasurer of the Academy's Prop Club which is a group for boys interested in flying.

HOME FROM HOSPITAL

Mrs. Grace Lynn of Shady Nook Subdivision is home from the hospital now after surgery.

3 Couples Eat Rabbit Dinner

Three couples from this area were guests recently of Mr. and Mrs. John Moore of Palatine for a buffet rabbit dinner in observation of National Domestic Rabbit Week May 17-25. Four different rabbit dishes were served.

The couples, Mr. and Mrs. Robert Babe, Rt. 1, Antioch; Mr. and Mrs. Curt Roseman and Mr. and Mrs. Ben Moils of Venetian Village, Lake Villa.

Babe is presently vice president of the Lake Shore Rabbit Breeders Assn. and has worked with 4-H clubs in the county in raising rabbits for projects. Roseman has been a director of the association for several years and currently is president. Moils serves as treasurer of the association.

Business and You

Mad Enough to See Red? Color Experts Say Don't

Did you spat with your spouse at the breakfast table today? It's quite possible you were seeing red — and that's no bull.

The impact of color on mind and emotion is a known quantity in business today — so important that the big paint companies have special technical representatives who do nothing but travel the nation as color consultants.

Lessons in the psychology of color that they teach to businessmen can be equally valuable in the decoration of your own home.

For instance, the food in dark-walled rooms generally is not as appealing as in those with light-colored walls.

Yellow-green (chartreuse if you prefer) walls are the worst. They tend to give food a tainted, unappetizing appearance.

If you really want to shorten the eating time at your place, paint the walls in the dining room lavender. The food will take on a green hue — and I'll guarantee the family will clear out fast!

ONE RAILROAD line found out that the lavender tone of its dining cars actually cut the eating time of its patrons — and the size of the meals they ordered.

The airlines learned long ago that certain colors contribute to air sickness and that others create a sense of ease.

Green, for example, gives a sensation of peace and contentment. You know, like money.

And red just the opposite. One color consultant tells me that union-management conferences can be influenced by such a detail as the color of the walls.

"In a place dominated by any reddish hue," he says, "everyone is nervous and edgy. First thing you know, someone is walking out."

His advice to negotiators: paint the walls a soothing quiet shade of green.

AMONG LIGHT colors, according to the experts, the most appetizing and appealing to the emotions are peach, orange, clear yellow and pale green.

Blue is considered all right — but mostly as a background for display purposes.

In deep colors, brown and tan seem best related to foods. Deep yellow, with a mustard or olive cast, is decidedly undesirable.

Deep green and dark blue are relatively appealing — although the color coordinators say dark tones are not in general as good as the light.

Dismal colors such as gray or black are to be avoided at all costs, except for touches as contrast.

There's a remarkably consistent reaction in different individuals to identical colors. This is due to an after-image that one sees after gazing at a color for 30 seconds or more.

The after-image is the complementary color of the one that you look at. After gazing steadily at orange, for instance, if you'll train your eye on a neutral background you'll see a blue after-image. After red, green. And after purple, yellow.

The operator of a meat market whom I know once painted his walls yellow — and promptly began to lose trade.

Then a color consultant showed him that his meat appeared purple — tainted — against the yellow walls.

He did the walls over in green (which made the meat appear red and fresh) and watched his trade increase 35 per cent in four weeks.

Eighth Graders to Take General Science Test

All Antioch Grade School and Oakland Grade School eighth graders are asked to take a general science proficiency test at the high school at 9 a. m. May 28.

THE TEST WILL measure science knowledge and will determine those of the incoming freshman class who will be eligible to take biology without first having general science, says Frank Denison, guidance director of the high school.

The test has been administered to Lake Villa and Grass Lake eighth graders.

Register Till Monday

Monday is the last day to register for the special state's attorney election which will be held in Lake County on June 23.

Voters may register with their township supervisor and may apply for absentee ballots until three days before the election. Residents may also vote at the courthouse in Waukegan if they are planning to be out of the county on election day.

For if ye forgive men their trespasses, your heavenly Father will also forgive you. — (St. Matthew 6:14).

If we hold grudges, harbor resentment which builds up into bitter hatred, if we are constantly and destructively critical of those around us, we indeed build an insurmountable wall between ourselves and God, and our prayers will be in vain. By our unforgiving we create our own Hell on earth.

THE ONLY HELP the world's record-holder Widow Maker II needed Sunday was a push away from the dock. From then on the only view competitors could get from this fast ski-boat was the spray from about half a length behind. Champ driver Swede Stromstedt has never been beaten in 32 heats. Some 1,000 fans cheered his two wins Sunday.

Boat Racing Fans Treated To Thrills, Spills and Speed

Swede Stromstedt showed about 1,000 area boat racing fans Sunday why he was picked 1958 Ski-Boat driver of the year Sunday, as he piloted the Widow Maker II to victory in two heats.

The boat, owned by Walter Lampert of Chicago, is rated as the top Ski-Boat of the country and is now undefeated in 32 heats of competition. Under sanction of the American Power Boat Assn., Stromstedt

picked up 800 points toward national standings.

JOHN LARSON, driving the SK-6 took second place in the ski class for the afternoon.

The Ski class is a fairly new racing class in the power boat field. The boats are V-type runabout hulls, 18 feet long and constructed of light plywood or fiberglass. They are usually powered by 300 cubic inch or more, Chrysler and Cadillac engines.

TRAVELING AT SPEEDS between 95 and 100 mph, they are probably one of the most thrilling classes to watch.

Babe Ambacher, Commodore of the club, said that rough water held the boats down somewhat as "you couldn't stay on the throttle all the time." Ambacher won the first heat in the "E" class runabout, but couldn't repeat in the second. Tracy Hill, driving the Kath-E took the honors for the afternoon with a second and a first.

John Moulis of Fox Lake was the hard luck driver of the day. Driving the Rum Runner in the Ski-Boat class, he ran third in the first heat and then in second place during the second heat his boat stalled and he couldn't finish.

This did not dampen his spirits as he climbed into a new "E" boat for the first heat of the E class and while warming up before the starting gun the propeller came off.

IN THE 200 horsepower or over service runabout, Bob Carner took first place. His boat, "Little Toot," is a Chris Craft racing hull and is powered by a Cadillac engine. Carner also took third in the "free-for-all."

The 135 cubic inch hydroplane, making another bid for popularity in this area, both pleased and excited the crowd. Traveling at speeds close to 90 mph, the boats are designed much the same as the outboard hydroplanes. They are somewhat larger and are powered by mostly V-8 engines.

Frank Reekie of Fox Lake Hills took top points for the two heats of the afternoon, with Norm Porter, driving his "Rodent" taking second.

JOHN LARSON in his SK-6 won first place in the free-for-all. Jim Bolan won second with his super-charged Chevy engine in a ski boat type hull.

Jud Kelly, in "Little Joe" arrived too late to enter in the Ski Boat class but did enter in the free-for-all. Kelly pulled away from the pier, stepped on the gas and tipped over. According to Ambacher, this is the third straight season in which Kelly has turned over in the first race of the season.

Antioch Fails In Attempt To Upset Grant, Lose 10-7

An upset was in the making but in the fifth inning the Antioch infield collapsed to allow Grant seven unearned runs, an ultimate victory and perhaps the championship of the Northwestern Conference.

The vicious Grant Bulldogs jumped to a 3-0 lead in the Monday contest here but saw it blow up in their faces in the fourth when Antioch tallied five times. However, Don Wiegell could not buy enough defensive support the next inning and took his fifth loss of the season.

THE GAME LEFT Grant firmly atop the league heap and with at least a tie with Grayslake. A win for Antioch would have put them in a position to move into the first three division of the loop. In the tilt, the Sequoits got five earned runs and extra base blows.

But now Coach Larry Leon is

Prize Is Anybody's

News' Keg Tournament Finals On Sunday, If...

It's anybody's trophy and \$100 first prize in the Antioch News' Individual Handicap Tournament as the keggers get ready to roll off the fifth round.

The tourney may wind up on Sunday if the eight in the quarter-finals can get together by Wednesday. Jack Sampayo, director of the tournament, said that the four in the

semi-finals were then to be held before Friday and a grand climax will be Sunday with the finals.

IF THE TOURNAMENT can be finished on Sunday, spectators should be on hand at the Antioch Bowl by 2 p. m. to watch the champion wear down his opponent and win the crown.

Art Fortman with an average of 172 knocked off Marv Shepard in the fourth round to earn a move into the semifinals. Shepard was the only remaining high average bowler in the tournament.

JACK (THE GIANT KILLER) Lawrence continued his determined march towards the championship as he defeated Bob Steiskal for a fifth round spot. According to Jack Sampayo, Lawrence has been bowling about two years. He goes up against another bowler this week with a much higher average as he is paired with Art Fortman.

In other fourth round matches, Kenny Nicpon defeated Charles Erbach, Lou Rausch downed Norm Edwards. Don Wheeler beat Joe Sternbenz, Art Bywell beat Jocko Kopp, Doc Ripley beat Don Richards and Phil Vos defeated Tom Atwood.

KENNY NICPON put together games of 259-201 and 238 to eliminate Phil Vos in the only fifth round match rolled so far.

The other fifth round pairings are Doc Ripley vs. Dan Wheeler, Art Fortman vs. Jack Lawrence, and Art Bywell vs. Lou Rausch.

Most of the remaining matches were to be rolled off Wednesday night, Sampayo said, and he will make an effort to get the remaining four together Friday for the semifinals.

7 Conference Records Fall In Salem Meet

A good Union Grove squad of thinclads amassed 75 1/3 points to overwhelm four other squads and take the Southeastern Conference track meet at Salem High School last week.

The Grovers took five firsts out of the 14 events to stay far in front of second place Rochester with 59 1/2 and third place Salem with 58 1/3. The other two teams trailed far behind, Big Foot getting 21 1/3 and Waterford with 17 1/2.

SEVEN CONFERENCE records were broken in the fast meet with the host Falcon squad's crack 880 relay team of Andy Agüero, Cleo Varvil, James Long and Rick Thomas trimming more than five seconds off the old mark. The squad came home in 1:37.1 to break the old 1:42.2 tally set by Union Grove.

Andy Agüero also took one first for his team in winning the 220-yard dash in 2:12.5 Thomas was second.

THE MEET TOTALS:

880 Relay—Salem, 1:37.1; Union Grove; Big Foot and Rochester. (New record—old 1:42.2 by Union Grove.)

THE FASTEST TIME of the afternoon was turned in by Swede Stromstedt driving the Widow Maker II. Stromstedt completed one lap of the slightly more than one mile course in 46 seconds.

The next race will be June 7, at the Waltonian Hotel as will all the races this summer.

Many of the boats that will be seen here this year were not able to make it for last Sunday's race, says Ambacher. Some were racing in other parts of the country and many others couldn't get their boats ready in time.

MEMBERS OF THE WINNING Geston Printing Co. team let Capt. Don Geston hold the trophy given the quintet for leading the Wednesday Night Businessmen at season's end. It is the first time championship won by the Geston crew and for the hundreds of local bowlers who never have seen a championship trophy, it is displayed in the windows of The Antioch News.

Sequoit Cindermen Show Best In 12 Yrs.

The Sequoits of Antioch closed out their best track season in 12 years, winning five and losing twice to Lake Forest. The second loss came last week when Antioch could garner only 43 1/2 points for second in the Scouts' triangular. Warren came in third with 23 points.

Already looking ahead to next year is Coach Robert Walther who will have several lettermen returning and several stars up from a winning frosh-soph squad. Walther hopes also to have more night home meets next year to give the home folks a chance to see their cinder-men in action.

ONLY ACTION NOT reported so far for the Sequoits is the Northwest Conference meet Wednesday at Grant where runner Bill Dressel and flier Chris Davis were expected to star. Both finished ninth in their events in the state meet Saturday at Champaign.

Dressel, running the mile, came in 4:37.2, his best time of the year. Davis threw the discus 149 feet 5 inches, far short of his own hurling this year.

In the last regular meet at Lake Forest, Antioch could win only four firsts and tie for a fifth. Dressel took the mile while Davis took the shot and discus. Star of the day was Ken Whus who accounted for three of the Scouts' firsts in running events.

Hopes Smashed, Salem Loses First Time, 4-3

Salem's Falcons will have to settle for a portion of the Southeastern Conference baseball title after seeing their dreams of an undisputed championship and an undefeated season dashed 4-3 by Union Grove last Thursday.

The loss, first in 10 games for the Falcons, left Coach Bill Becker's crew with an 8-1-1 record. A tie with Waterford mars the season.

THE LOSS also dropped the Falcons into second place in the loop behind Pewaukee, Arrowhead and Union Grove who all have 5-1 marks in the conference. In order to get a share of the title, the Salems will have to play off, and win, the tied game with Waterford.

Central took an early lead in the tilt at 2-1 on Dave Erickson's triple and consecutive singles by Dave Willems and Al Weis. But after that, the Grovers picked up a run in the fifth on an error and two singles, and got two more in the sixth on a single, walk and a double. Central got another run but it was too little, too late.

The loss was the first on its home field for Salem since 1957. The team had a record of 18 wins at home, says Coach Becker.

Play began Monday in a four team district tournament with South Milwaukee, Salem, Grove and Water-

ford. The championship game will be played Friday.

News of Lakes ports

BESIDES THE RACE WINNER, owner and driver of the Widow Maker get the plaudits of the other drivers in a special presentation at the boat races Sunday. Jim Thompson (left) represents all drivers in giving a plaque to Walter Lampert, owner, and Swede Stromstedt, (right) driver of the world's fastest Ski-Boat.

THE FLAG GOES down and speed boats are off for the beginning of the racing season on Fox Lake. This was the scene from the shore Sunday afternoon as the first race began. Boats were about 200 feet off-shore for the start and finish of all races.

LIKE A TRUE COMMODORE, Babe Ambacher pilots his Class E Runabout to an easy first place in the first speed boat race of the year Sunday. Ambacher is leader of the Fox Lake Racing Club. None of the others in the race could get close enough to take advantage of the taunt on Babe's boat, Bite Me.

Swimmin' Hole To Open, Set Lesson Sched

The old swimmin' hole will open on May 30, Memorial Day, and fun-seekers who frolic to the water will find many changes including an enlarged patio.

Ken Smouse, director of the Antioch Swimming Pool, reports that registration for the first of two five-week sessions of swimming lessons will begin June 3. Classes will be offered for beginners and intermediates and advanced swimmers.

THERE WILL BE three classes daily, Monday through Friday and a special session will be held on Friday from 10-11 a. m. for adults and older high school age young people. Regular swim classes will meet twice a week on Monday-Wednesday and Tuesday-Thursday.

Second session swimming will be held on July 20 and end on Aug. 22. Registration for this series will be held from July 15 to July 18.

Instruction for life saving and water ballet will be given also on Saturday starting at 10 a. m. to 1 p. m.

NI Gas Asks for Minimum Rate Hike

Northern Illinois Gas Co. has asked the Illinois Commerce Commission for permission to increase residential and small commercial minimum bills from 70 cents to \$1 monthly.

According to W. J. Crowley, NI-Gas vice-president and comptroller, less than 50,000 of the utility's 640,000 customers will be affected by this increase in minimum billing. Many of these customers, Crowley said, use natural gas in summer homes only a few months each year or in apartments where the monthly use doesn't exceed about five therms.

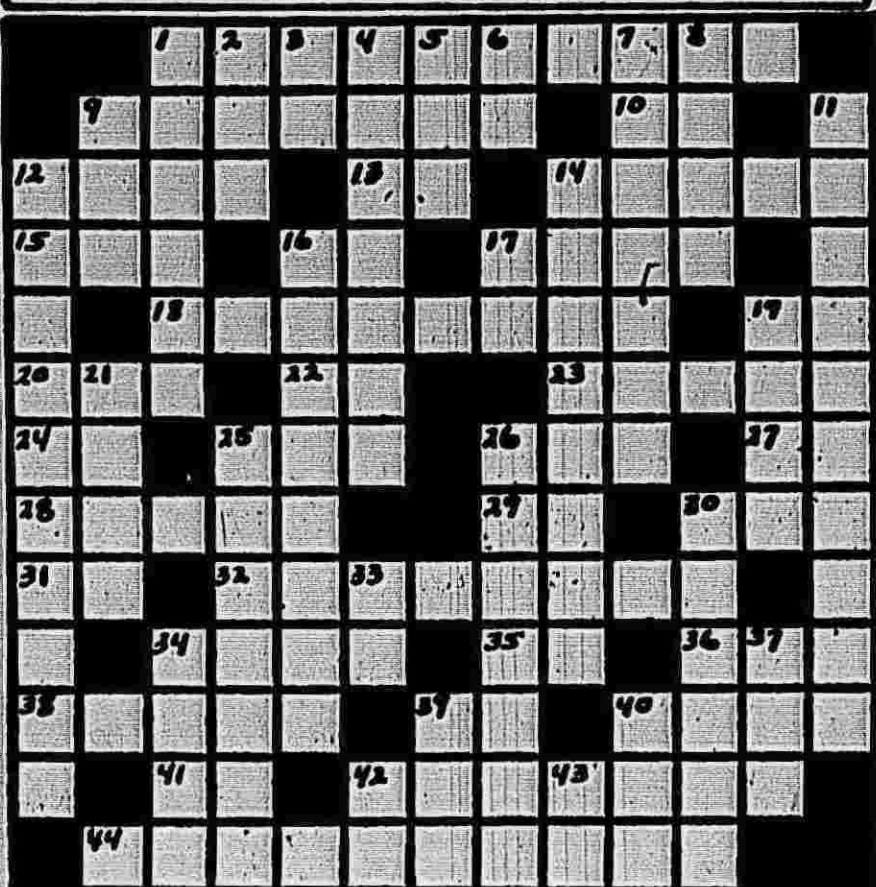

He said that increasing costs of installation and maintenance of necessary facilities for these customers, including the meter and regulator, plus the expense of billing, prompted the request.

Suspends Driver's Permits for Two

Two area drivers have had their driver's licenses suspended by the secretary of state.

Harold O. Wilkinson, Lake Villa, lost his license after a third driving offense; and Dennis M. Keeler, Rt. 1, Antioch, had his license taken after having caused or contributed to an accident resulting in death or injury.

Complete Plans For 8 Emmons School Grads

Preparations have been completed for the eighth grade graduation exercises which will be held May 25 at 8 p. m., at Emmons Grade School for the following eight graduates: Paul Ferris, Richard Good, Ronald Hanson, James Lasco, William Phillips, Sandra Stovall, Harriet Wells, Edith Wollpert.

W. C. Petty, Lake County superintendent of schools will give the principal address and present the diplomas.

THE SONGS SELECTED to be

sung by the seventh and eighth Grades are "I Believe" and "You'll Never Walk Alone" with accompaniment by Mrs. Virginia Blake, Music Director.

The Rev. Edmond Hood, Rector of St. Ignatius' Episcopal Church, will give the invocation and benediction and Louis E. Tanner, president of the board of directors, will give the welcoming address.

The graduating class will leave June 2 on their tour of the State Capitol at Springfield, New Salem State Park and Lincoln's Tomb. They will return by way of Starved Rock State Park.

DINNER WILL BE served the graduates and their parents at the Rustic Manor at Gurnee, on June 4 at 7:30 p. m. Funds for the trip were earned by the eighth grade graduating class by various projects throughout the school year.

Activities for the school year will end with the school picnic which will be held on Friday, May 29 on the school grounds and the official closing of school will be June 2.

Humidity and heat sufferers

Air Condition now

You know perfectly well that summer in Illinois can be miserably muggy, hot and humid. In fact there are days that are almost unbearable. And many people, perhaps you, put up with it. But why? Probably because you have a hunch it will cost a fortune to put in air conditioning. Well, to be frank, it doesn't cost much when you consider the comfort — the benefit we call it — your family, customer or employee receives from air conditioning.

Here is what you ought to do: Investigate. It doesn't cost you a cent. Find out exactly what air conditioning will cost for your place. And when you seek this advice — sound, down-to-earth advice — come to Lake County Heating at 384 Lake Street in Antioch. Actually, all you have to do is call John or Bill at Antioch 113.

Wouldn't it be worth it to make that call? All that is involved is a little of your time. The comfort of your family, your customer or your employee IS important — really.

Chevy pickup pulls through "bottomless" pastures to keep stock fed!

At the Hall Bros. Dairy Farm, Montgomery, Ala., they say this 4-wheel drive Chevy will go anywhere to keep stock fed—even through hub-deep muck that makes it a fight all the way. And yet after a full year of it—no mechanical trouble of any kind!

That Chevy pickup may not win any beauty awards (till it's cleaned up). But it's sure walking off with the top prize for dependability. And that's standard Chevrolet procedure. Put a Chevy truck to work and it keeps

on working until you say quit. Not before.

We aren't claiming that every Chevrolet truck is turning out to be a miracle-worker and averaging 100,000 miles before a valve job. (Even though some are going 150,000!) You're sure to find, however, that you can't buy more truck dependability at any price. And that's borne out by the fact that more truck owners put their faith, and their payloads, in Chevrolets than in any other make.

Take your load and schedule figures to your Chevrolet dealer. He'll specify the best way to handle both and save in the bargain.

No job's too tough for a Chevrolet truck!

Now's the time—see your local authorized Chevrolet dealer for a real truck buy!

2-Man Art Exhibit at LV Library Shows Sculptures, Paintings, Prints

By Mrs. Roger Froese
 Lake County art lovers are invited to an excellent art show which is on display at the Lake Villa Township Library, says Mrs. Ted Belke, librarian. The two man show of over 60 items of sculpture, drawings, paintings and prints is the work of Henry J. Wessels of Rockford and Donald E. Smith of Rochelle.

The son of Mr. and Mrs. A. C. Wessels of Columbia Bay Road, Lake Villa, Henry J. Wessels is a graduate of Grayslake Community High School in 1953 and a graduate of Northern Illinois University at DeKalb. Wessels is presently art instructor at Church School, Rockford.

Among other works on display at the library is Wessels' painting, "Bridge," which recently was selected and placed in the 35th Annual Jury Show in Rockford.

The second artist displayed in this two man show is Donald E. Smith, graduate of Northern Illinois University at DeKalb and presently art supervisor of the Elementary School System in Rochelle, Ill., and graduate student at the Art Institute of Chicago.

Among other works on display at the library is Smith's Linoleum Block Print which was entered and received honorable mention at the 1957 Nevada State Art Exhibit.

Wessels and Smith work together conducting adult evening classes in painting ceramics, copper enameling, drawing and murals in Rochelle. They have been asked to present a two man show at the Burpee Art Gallery, Rockford, and at Knox College, Galesburg, after their planned tour of Europe this summer.

Art lovers of Lake County are invited to visit this show during library hours at the Lake Villa Township Library on Cedar Avenue, Lake Villa Monday, 1 to 5; Tuesday, 1 to 5 and 7 to 9; Thursday, 1 to 5 and 7 to 9; Friday, 1 to 5 and 7 to 9; Saturday, 10 to 12 and 2 to 5.

Other art works still being displayed.

New Dairy Prices On Chicago Bound Milk Announced

Prices to be received by dairy farmers shipping milk to Chicago milk handlers during April will show only a slight dip despite a recognized seasonal fluctuation, Harry L. Edwards, Director of Sales for Pure Milk Assn., reported today.

Producers will receive \$3.39 per cwt. at delivery points within the 55-to 70-mile zone for base milk and \$2.88 per cwt. for surplus milk delivered in April, Edwards said.

THE PRICES ARE for milk testing 3.5 per cent butterfat. The butterfat differential, which remains the same as for March, is 6.9 cents per cwt. for each tenth of 1 per cent above or below 3.5 per cent.

The April base milk includes 11 cents per cwt. super pool premium, as the result of negotiations conducted by Pure Milk Assn. with Chicago milk handlers. No super pool addition is included in the surplus price.

The March 1959 base milk price was \$3.42 per cwt., including a 12 cent super pool premium and the surplus price for that month was \$2.90 per cwt.

AS A WHOLE, production in the market was unusually uniform in April and sales of milk and cream tended to be better than in March.

Hot Dog Song Ups Interest In Boneless Dogs

The popular song declaring "there ain't no bones in a hot dog," has produced a startling increase in hot dog sales, according to the National Hot Dog Month Council in Chicago.

The recently released "Hot Dog Polka," produced its first unexpected results when played several times during progress of a baseball game in San Antonio, Tex., the Council reported. The concessionaire at the park was hard pressed to fill the demand apparently stimulated by reiteration of the food theme in such melodious lines as "This happy little polka tells me what I want the most—I want a weiner, let's have a weiner roast."

SIMILAR RESULTS have been reported to the Council from points as far separated as Washington, D. C., and Sydney, Australia. The tune played on a television puppet program in the nation's capital, elicited a near record number of telephone and mail requests for future playings.

The National Hot Dog Month Council obtained permission from the recording company to use the "Hot Dog Polka" as theme song for its fourth annual culinary education program culminating in the July Hot Dog Month. Several thousand records have been distributed on request to meat packers, theatres, drive-in theatres, supermarkets, baseball and amusement parks and other hot dog merchandisers.

The tune of the Marines' Hymn, first sung after the Mexican War in 1847, occurs in an old Spanish folk song and in the French comic opera, "Genevieve de Brabant," by Jacques Offenbach.

Set Memorial Day Opening for New Santa's Village

A never-never land is becoming a reality on 55 rolling and beautifully landscaped acres near East Dundee, Ill.

At this location—the junction of Routes 25 and 72—the new Santa's Village, a million-dollar family fun town for children from 2 to 92, is rushing toward its May 30 Memorial Day opening.

FIGURING TO BE a major attraction for Chicago residents and tourists from throughout the Midwest, Santa's Village will be open 364 days a year, giving Santa a day of rest after his arduous task of delivering toys on Christmas eve.

Created with a deep reverence for the tradition of Santa Claus and the childhood fantasy associated with him, it has been called "wishes in solid form."

Visitors to Santa's Village discover that they are entering another world, the world of childhood wonder. Heretofore, this world has been only imaginary. Now in an atmosphere of whimsy, illusion becomes real.

Housed in permanent buildings and nestled among tall evergreens will be Santa's Home, the Wee Puppet Theatre, Mrs. Klaus' Kitchen, the Doll House, the Gingerbread House, the Mill Wheel Workshop, the Reindeer Barn, the Chapel of the Little Shepherd, the Toy Factory, the Jack-in-the-Box refreshment building and the Pixie Pantry.

TAKING OVER THE Grass Lake PTA duties for the coming year are these officers installed Monday night. From left: Mrs. Anthony Lomma, treasurer; Mrs. Harold Gaston, secretary; Mrs. Don Soder, vice president; Mrs. Wilbert Schaeffer, president and Mrs. R. Halvorsen, installing officer.

Seaway Reduces Shipping Costs

The cost of shipping grain has been substantially reduced since the opening of the St. Lawrence Seaway and the arrival of the first ocean-going vessel at Chicago, State Director of Agriculture Stillman J. Stanard reported to Governor William G. Stratton.

"The current shipping rate via the new seaway from Chicago to Rotterdam is 24 cents a bushel," Stanard reported. "This is roughly 9 cents less than last year before the deep draft locks were opened. While this reduction is a tremendous stimulant to the grain market in the midwest, it is only the first step toward a healthy commerce in our agriculture products."

STANARD SAID grain elevators in the Lake Calumet area of Chicago have loaded an estimated one and one-half million bushels of grain for foreign ports. The new foreign-market loading, he said, created additional responsibilities for the grain division in the inspection of holds of ocean-going carriers. Such certification affects insurance rates on carriers. He said that numerous changes are being made in the loading equipment at grain elevators to accommodate the larger vessels.

Host Bowling League Champs At Steak Fry

By Helen Graves
Lindenhurst Correspondent

Mr. and Mrs. Robert Schartz were hosts of a steak fry to the rest of Mr. Schartz' bowling teammates Saturday night. They were the champions from Wolff's Resort team. Those folks enjoying themselves were Mr. and Mrs. Mick Guido, Mr. and Mrs. Harry Willis, Mr. and Mrs. Bud Barnes, Mr. and Mrs. John Selzer, also neighbors, Mr. and Mrs. John Spiegler.

Guests in the A. O. Nelson home were Mr. and Mrs. Ralph Mortenson and Mr. and Mrs. John Selzer and family.

Mrs. Hazel Ross from Kansas City, Mo., is recuperating from a recent operation in the home of her sister, Mrs. Ray Verdick and husband.

Mrs. Helen Graves attended a bowling banquet Saturday night held at Sabatini's Restaurant, sponsored by Sabatini's. The team took third place.

Mr. and Mrs. Douglas Sanders celebrated their wedding anniversary May 20.

Happy Birthday to those who celebrate in May: Mark Brown, May 3rd, 1 year; Helen Graves, May 5, Sharon and Karen Shirk, May 12, 1 year old; Scotty LaChance, May 15; Esther La Chance, May 20; Linda Hunt, May 28, and Janet Graves, May 30.

The Ots' Social Club held its annual banquet Tuesday, May 12. Fourteen girls enjoyed a lovely evening.

Need Homes for Vets

Veterans who are ready to return to the community from Downey VA Hospital still are in need of homes, according to Mrs. Katherine Kasting of Lake Villa, veterans' service representative of the hospital.

Many veterans have no home of their own and must be placed in "foster homes" throughout the area, Mrs. Kasting says. The vets are both male and female and range in age from 20 to 70 years. Many will be able to obtain employment and again become productive members of society. Others will not be able to work and their activities will be similar to that of a person who has retired.

THE TYPE OF HOME desired is one wherein the veteran not only receives room and board, but also receives warmth, acceptance, understanding and encouragement which is a part of family living, says Mrs. Kasting. The veteran of course pays for his room and board through the assistance of the hospital.

Anyone who is interested in providing a home for a veteran patient should call Mrs. Kasting or write to Leo Lobl, chief, social work service, VA Hospital, Downey.

Mayors of Towns Invited to Waukegan Birthday

Antioch Village President Murrill W. Cunningham and Lake Villa President Ervin Barnstable will be numbered among the guests of honor June 20 at the Waukegan Centennial celebration.

June 20, a Saturday, has been designated "Lake County Day" by centennial officials and representatives from all communities in the county have been invited to the celebration, according to Glenn G. Boyd, president of the celebration.

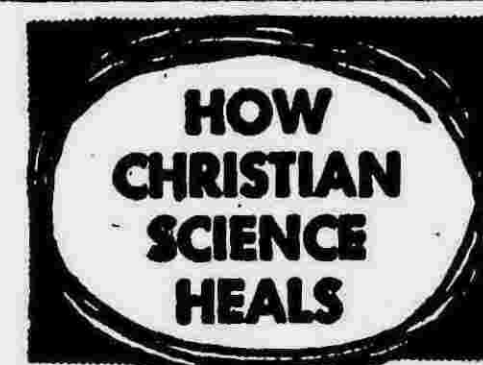

WAUKEGAN'S 100TH birthday party will be an 11-day celebration which begins June 19. Highlights of the festivities include a 7-night pageant about the town's history written in musical comedy form and presented by a cast of 1,000; two water shows featuring the Cypress Gardens water ski team and the Flying Boatmen of Knoxville, Tenn.; three parades; three dances and many other varied activities.

Waukegan is awaiting confirmation from its most famous son, Jack Benny, that he will return for the festivities.

MAYOR ROBERT SABONIAN said that Benny indicated to him he will return for the centennial from a proposed trip overseas. "I know Jack is working hard to make a visit to Waukegan for the centennial. He has a very tight schedule and some arranging is necessary for him to make the trip here."

Should Have Age Proof For Social Security

Persons may get the first social security check faster if they have proof of age available at the time they file claims, according to Bernard Barnett, Waukegan district manager of the Social Security Administration.

"But don't delay filing your claim just because you don't have proof of your age handy," he added.

"WHILE A BIRTH or baptismal certificate is generally the best proof of age, certain other old documents or records are acceptable, Barnett explained. He suggests that persons who believe they may have difficulty in locating proof of age communicate with his office for specific information on what types of proof are acceptable and how they may be obtained.

"Some people," he said, "have gone to the trouble of establishing a 'delayed' recording of birth for social security purposes. Not only is this unnecessary, but in some instances, such a record is by itself unacceptable."

Pair Active In Music Are AHS Valedictorian And Salutatorian

For their excellent scholarship, Sonya Pickus and Bryan Cain have been selected as valedictorian and salutatorian of the 1959 graduating class of Antioch High School.

Sonya is the daughter of Mr. and Mrs. Morris Pickus, 988 Victoria St., Antioch. She has been active in academic and extra-curricular activities of the school.

SHE HAS BEEN in the band for four years and has participated in the chorus two years. This past year Sonya joined the Science Club and for the past four years has been in the Modern Music-Masters organization of the school, serving as secretary and historian.

She has been a member of the National Honor Society her junior and senior years, and in her senior year served as co-editor of the yearbook. In her junior year she served as Junior Class vice president and in the same year was selected by the Antioch Woman's Club as a scholar-

ship participant in the Music Camp festivities.

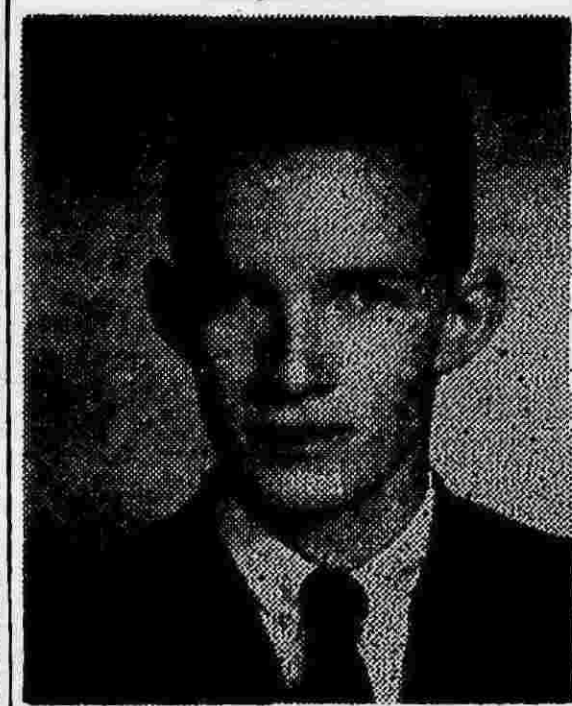

Her hobbies are music and reading and she has been accepted at the University of Michigan.

BRYAN IS THE son of Mr. and Mrs. Milburn C. Cain of 632 North Main St., Antioch. He has been active in school activities, serving as president of the band and chorus. He has been in the band for four years and in the chorus two years.

Bryan has served as vice president and historian of the Modern Music Masters association. He has been on the National Honor Society for the past two years; he has served as president and treasurer of the Radio

McHenry Art Fair Prepares 3-Day Show

The Country Art Fair in McHenry is scheduled for June 19, 20 and 21. Featured this year, as in other years, will be McHenry County artists in cluding both professionals and amateurs.

Other attractions at the Fair will include selected works from Exhibit A Gallery in Chicago, an auction of art pieces on Saturday evening, June 20, and art workshops where visitors can watch artists at work or actually dabble in art themselves. The annual event is sponsored by the Woman's Auxiliary to McHenry Hospital. Donation for adults is one dollar and for children 50 cents.

The Art Fair, regarded as the outstanding cultural event of the summer in and around McHenry, will be held at the McHenry Junior High School. The Fair committee has promised copious roadside signs directing visitors to the exhibit.

Says Sec. of State

Driver's License Law Not Too Stiff, Bills Will Protect Careless

Several bills before the Illinois General Assembly are designed to weaken present driver license laws and Secretary of State Charles Carpenter has gone on record as being mightily opposed to every one.

In a speech before the Illinois Editors and Publishers recently, the secretary made one of the strongest speeches for traffic safety ever made in the state. He claims that the bills would protect the very persons the original laws sought to take off the highways.

"WHY THIS BREAST-beating concern to afford children barely in their teens an opportunity to seek death or injury? Why this heart-rending plea to withhold suspending drivers whose record of conviction for moving traffic violations has indicated a contempt for traffic laws and a disregard for the lives and safety of others?" the secretary asks.

"And why in the name of suffering humanity, this overweening desire to zealously protect the driving privileges of Illinois citizens convicted of drunken driving in a sister state? Is it so that they may continue to drive and kill or maim a father, mother or a child who has no lobbyist to represent them, no legislator concerned about their fu-

tur welfare? Is the privilege to drive a motor vehicle so precious that it must take precedence over the sacred rights of others, 'to life, liberty' and at least a chance to pursue happiness? Why?"

THE SECRETARY continued: "I have lain awake at nights and sought desperately the answers to these and other questions which these bills have caused to rise and plague me. I have been told by some observers that this touching desire to protect revoked and suspended drivers evidenced in so many of the bills, bubbles up from the wellspring of human kindness.

"It is caused by documented 'exceptions' whom we have cruelly deprived of making a livelihood when, through no fault of their own, they were taken suddenly drunk. To hear some opponents of the present drivers license law we singlehandedly caused the entire unemployment problem of the past several months."

He continued, saying that there are approximately 5 million drivers in Illinois. Since July 1, 1953 up to April 24, 1959, the state revoked or suspended a little more than 80,000 drivers.

"THIS MEANS THAT over a period of six years, only 2 per cent of the driver population of Illinois lost

their driving privileges. And yet it is for this extremely small minority the rush is on to excuse from the consequences of their own carelessness or lack of ability—so, they can endanger the lives of the other 98 per cent.

"It has always interested me to listen to the bleeding hearts explain that 'good old Joe only had a couple of beers and he would never have been convicted of drunken driving if he hadn't pleaded guilty, and you wouldn't want him to lose his job, would you?' On occasions I have been tempted to explain that 'the good old Joe's' and their couple of beers have accounted for an untold number of fathers losing their jobs—permanently—through death and leaving widows and orphans to be supported by the state. 'Good old Joe's' defender never seems to understand my point and always looks at me as if I were slightly daft."

HE SAID HE FELT it was saddening and extremely disheartening to watch a wealthy industry expend thousands of dollars on color motion picture propaganda featuring a titled British actor—commenting in cultured tones about the built-in safety features of motor-scooters in the hands of fantastically robust 14 and 15 year-old girls and boys.

"It is especially saddening and disheartening," he said, "when you know that the death and injury figures of state after state reveal a shocking increase when the same motor-scooters are placed in the hands of normal boys and girls—children not obtained from Hollywood's Central Casting Bureau. During the single year in which this type of vehicle was available to 14 and 15 year old boys and girls, the sale of such vehicles zoomed in Illinois.

"SO DID THE death rate for drivers of motor scooters.

"I feel certain that there was an attendant increase in the profits of manufacturers, wholesalers and retailers. Please do not misunderstand me. I am a firm believer in the profit system, but isn't there something callous and cruel in an industry that calmly disregards the maimed and broken bodies of its innocent victims and proceeds to

reach out greedily for greater profits, while it urges the state to become a silent partner in its grim enterprise?"

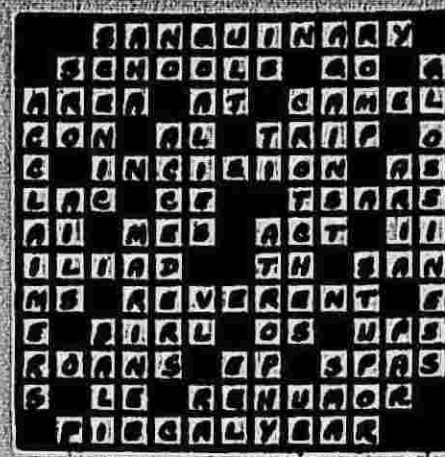

"Let me assure you," he told the editors, "that the pious insistence of the motor scooter salesman that all they want is the strict training and supervision of childish motor scooter operators is cheap fakery. If they know their business they know that supervision is impossible. If they don't know their business, they have no right to be advising the citizens of Illinois.

"I have painted the picture black—because it is black," he said.

"BUT IN ALL HONESTY I must admit that there are unselfish groups who have strongly supported our fight to stave off the proposed weakening amendments. . . . They include numerous nationally famous casualty insurance companies, whose blood-drenched figures are so carefully ignored by the sturdy proponents of the 'let's slap their wrists' safety programs."

"For 14 years it was my privilege to serve in the State Senate. For the past six years I have had the high honor of serving as your Secretary of State. In all sincerity I assure you that during those 20 years no program I have been allowed to administer has filled me with such a deep sense of accomplishment as has the drivers license program.

"I GIVE YOU my solemn word of honor that not one of the proposed amendments will strengthen it. They WILL weaken it. Our law is not the 'tough' stringent law its opponents have pictured. There are several states whose laws are far more inflexible and rigid. Yet their fatality records during the past several years has not been better than ours. I am not foolish enough to believe that in and of itself our driver license program has been full responsible for our reduced fatality record. But I do submit that its passage in 1953, and the overwhelming recognition by our newspaper editors of its inherent potentials for safety, 'triggered' the reversal of the upward trend in highway deaths and led to last year's drastic reduction.

1,000 Attend Cornerstone Rites At Wilmot Catholic School Sunday

By Mrs. Grace Miller
Trevor Correspondent

The dedication and laying of the cornerstone at the new Holy Name of Jesus Catholic Church and school at Wilmot was attended by an estimated 1,000 residents of the area Sunday afternoon.

The Right Rev. Msgr. Edmund Goebel, Superintendent of Catholic Schools officiated. Following the ceremony the Legion posts of Wilmot and Silver Lake presented the parish with a new flag and flag-pole.

Cake and coffee were served to everyone.

Bennett Doctor, Montreal, Canada, who is president of the Plaid Shipping Co., and bringing the English Fords into the Kenosha harbor, called at the Runyard home last week.

The Trevor Graded School picnic was held at Fox River Park on Sunday with a good attendance.

Mrs. Betty Tuft and son, Edward, of Johnsburg, spent Friday with her mother, Mrs. Grace Miller.

The Mesdames Oetting, Smith, Mattis, Schwery, Lubeno and Miller attended the card party at Salem

given by the fire department of that town, on Friday evening.

Mr. and Mrs. Fred Henneman of Milwaukee called on Trevor relatives on Friday.

Mrs. Robert Repke and sons, Robert and Dale, of Chicago, spent Thursday with her mother, Mrs. Marie Hook of Rock Lake.

Jim McAnsh of Chicago spent the week-end with his aunt, Mrs. Nel Runyard and cousin, Wilson.

Several from here attended the funeral of Mrs. Gauger in Wilmot on Friday afternoon.

Mrs. Lester Sheen, Mrs. Harold Sheen, Miss Mary Sheen and Mrs. Grace Miller motored to Madison, Wis., on Wednesday to attend a "Hawaiian Tea" given for the benefit of the Christian Scholarship fund of Luther Memorial Church.

Safety Patrolmen Treated to Trip

Members of the Channel Lake School Safety Patrol were treated to a Riverside Park trip on Friday, May 15 by the local PTA chapter. Participants were: Betty Amendola, Edward Buell, Camella Jarvis, Roger Eberman, Marjorie Bartley, Mary Dahlman, Brenda Funderburk, Denise Jarvis, Paul Kaleth, Caroline Lasco, Calvin Trussell, and Sharon Zerr.

Mrs. Jerome Kaleth, supervisor of the patrol, and teacher of the second and third grades at Channel Lake School, accompanied the children to the park. Assisting her were Mrs. Harold Buell and Mrs. Elmer Eberman.

Red Cross Honors 22 Including Antioch Man

"In grateful appreciation," is the wording on 22 certificates presented by the Lake County chapter of the American Red Cross to volunteer workers at a tea held last week in Waukegan.

Over 90 awards, including lapel buttons, service bars and chevrons—were made to individuals and organizations including Herman Holbek, Antioch.

ATHS IS APPROVED

Antioch High School has been approved for the coming year by the North Central Assn. of Colleges and Secondary Schools. The certificate of membership will remain in force as long as the school remains on the approved list.

CHS Librarian Leaves, Earns Patron Plaudits

Irene M. Bosman, librarian and charter teacher of Salem Central High School has been granted a leave of absence for the next school year. Principal Allen Erickson announced the resignation was due to the lingering illness of Miss Bosman's father who resides in Sturgeon Bay. At present the vacancy remains unfilled.

Central's library is considered one of the best of its size in the state, according to the Department of Public Instruction. Miss Bosman's qualifications and leadership have proven superb. Each year the books and references have been carefully selected and increased and now total over 3,300 volumes. A number of board members and librarians of newly built schools have visited Central's library and consulted Miss Bosman.

THE DEPARTMENT of Public Instruction holds high regard for her outstanding work. She has also served on the state college library summer institutes.

The Library Club at Central with Miss Bosman as their adviser has rendered invaluable service to the student body the past seven years and has earned and presented the school with many items of furniture and furnishings, says Erickson. Among these are: the lobby museum case, a large round reading table, the reading room upholstered furniture, two reading carrels, a teacher's professional reading section and chair, and additional center-piece library shelving.

'7 Iron Men' Saw Steel's Importance

From tin cans and safety pins to automobiles and bridges, steel plays a major role in our lives . . . as indicated by the attention focused on the industry's current labor contract negotiations.

But it took a Chippewa Indian chief and "seven iron men" to point out the mineral wealth that borders Lake Superior . . . and to lay the foundation for the world's largest steel industry.

MICHIGAN WAS A wilderness in 1845, when a merchant named Philo Everett heard rumors of possible ore deposits and went looking for copper and silver. According to research experts with The World Book Encyclopedia, Everett reportedly ran into Full Moon, niece of Chief Marji-Gesick, who told him about a mountain of ore. The chief entertained Everett with Indian dances, passed him the ceremonial pipe, and then led him up a hill to a fallen pine tree. Under its roots lay chunks of iron ore . . . ready to be scooped up and fed to the furnaces in the east.

In 1810, the U. S. had made 1,000 tons of steel. In 1873, the figure topped one-million tons. But the richest deposit was still to be found. IRON EXPERTS had ignored one range in Minnesota, convinced that nothing worthwhile lay beneath its glacial drift. One company had even built its railroad across the eastern end of the range.

The Merritt brothers, however, had grown up amid the prospecting fever and they took a chance on the range the Indians called "Mesabi" — "hidden giant." In 1890, they uncovered ore testing at 85 per cent iron. They had tapped one of the

greatest concentrations of ore yet discovered in the world.

The "seven iron men" plunged into the development of the Mesabi but the Panic of 1893 caught them with too many commitments and too little money.

MEN LIKE ROCKEFELLER, Carnegie, J. P. Morgan and Cyrus Eaton went on to give the steel industry its key role in the American economy.

One indication of the importance of steel is the fact that the first billion-dollar corporation was a steel combine. Today the industry — comprising more than 250 companies — has the capacity to produce some 120-million tons of steel a year. And almost 40 per cent of all jobs in manufacturing industries depend on the manufacture and use of steel.
